

# Keeping Masonry **STRONG**

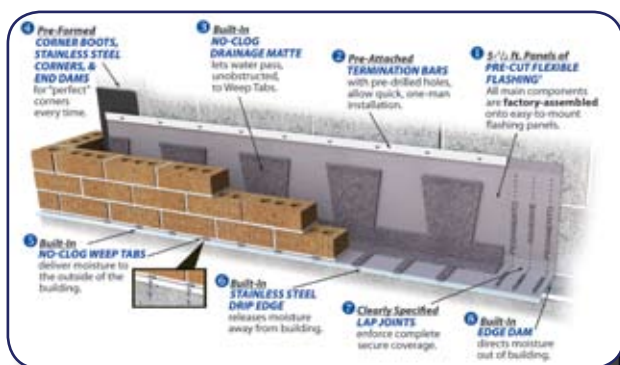

That's always been our mission at

**To us, "Keeping Masonry Strong"  
has two important meanings:**

1. Keep moisture from causing damage to masonry wall-systems. We do this by designing the industry's most innovative and effective moisture-control solutions.
2. Keep the unit-masonry industry healthy and prosperous. We help to do this by funding organizations that support and promote masonry, keep masons informed of new developments in the industry, and attract and train new masonry workers.

So as more & more masons have chosen to put our products behind their masonry, we've been able to put more & more

For example, **Mortar Net® USA** is a major underwriter of the MCAA "World of Concrete/World of Masonry" convention. Here's where you'll find us:

**BOOTH #S13145**
